Overview

To achieve good corporate governance scores, share holders satisfaction companies should be able to provide transparent , accurate and fast results of AGM / EGM.

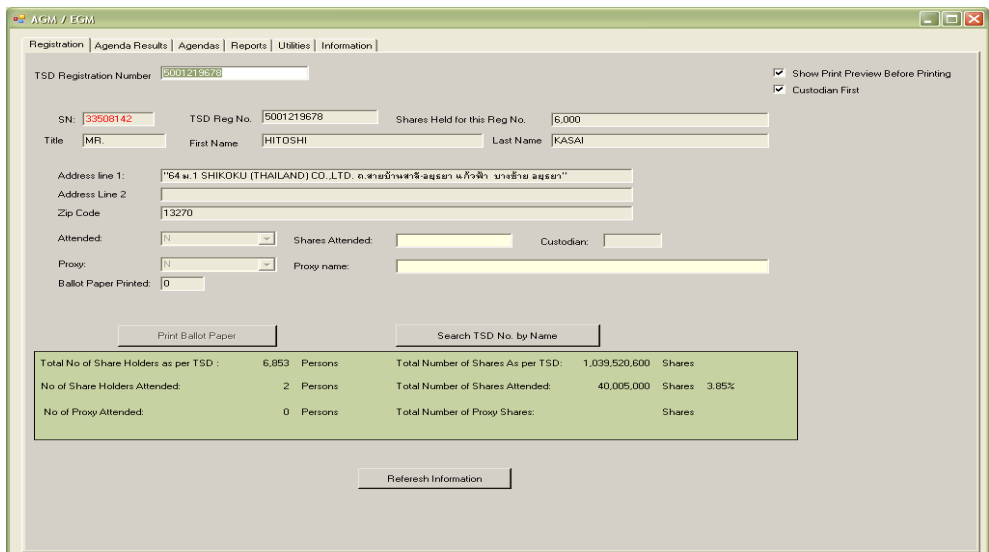

Quidlab's AGM / EGM registration and Voting system helps SET listed companies to achieve above results with ease.

Benefits:

- **Good Corporate Governance**
- **Time Effectiveness**
- **Transparent and Accurate results**
- **No lengthy manual work**
- **High scores for corporate Governance from SEC**
- **Share Holder's satisfaction**

Easy, Affordable, Flexible

- **Automate Registration** - Registration can be made with barcode printed AGM invitation. Alternatively same can be done by searching name of share holders.
- **Automatic printing of Voting Ballot Papers** - Ballot papers are printed automatically with bar code at time of registration. Separate layout for Custodians , proxies and share-holders.
- **Support shareholders, proxies and Custodians**
- **Live Attendance, Quorum visual display in the meeting Room**
- **Support of different formula's for voting calculations**
- **Fast and Accurate voting results using barcode vote counting**
- **Reports per agenda and per share holder , summary of votes etc**

The screenshot shows the 'AGM / EGM' software interface. It includes a navigation menu (Registration, Agenda Results, Agendas, Reports, Utilities, Information) and a registration form with fields for TSD Registration Number, SN, TSD Reg No., Shares Held, Title, First Name, Last Name, Address Line 1, Address Line 2, Zip Code, Attended status, Shares Attended, Custodian, Proxy, Proxy name, and Ballot Paper Printed. There are buttons for 'Print Ballot Paper' and 'Search TSD No. by Name'. A summary table is displayed at the bottom:

Total No of Share Holders as per TSD :	6,853 Persons	Total Number of Shares As per TSD:	1,039,520,600 Shares
No of Share Holders Attended:	2 Persons	Total Number of Shares Attended:	40,005,000 Shares 3.85%
No of Proxy Attended:	0 Persons	Total Number of Proxy Shares:	Shares
